The Contraception Priority Setting Partnership (PSP), a group of health care professionals and patient representatives, are working together to find out the ‘Top 10’ contraception research priorities.

Whether you’re a patient or clinician, male or female, we want to hear your unanswered contraception questions. Scan below to take part in our survey or visit www.ContraceptionPSP.com/survey

Do you want to help shape the future of contraception research?

To find out more about us visit www.ContraceptionPSP.com

The Contraception PSP is working in partnership with the following organisations:
The Palatine Centre Manchester, Brook, Primary Care Women’s Health Forum, FPA, Royal College of Obstetricians and Gynaecologists, Marie Stopes UK, BPAS, Institute of Health Visiting.
